Filo series_

/ Tecnologia e ricerca materica e stilistica danno vita a una texture sorprendente, nata dall'immagine di un fil cangiante che si ripete all'infinito in un susseguirsi di intrecci, fino a fondersi in un tessuto, una pelle lucente e metallica. L'effetto visivo e tattile di Filo confonde l'osservatore in un gioco di luci sorprendente che attrae e stupisce allo stesso tempo.

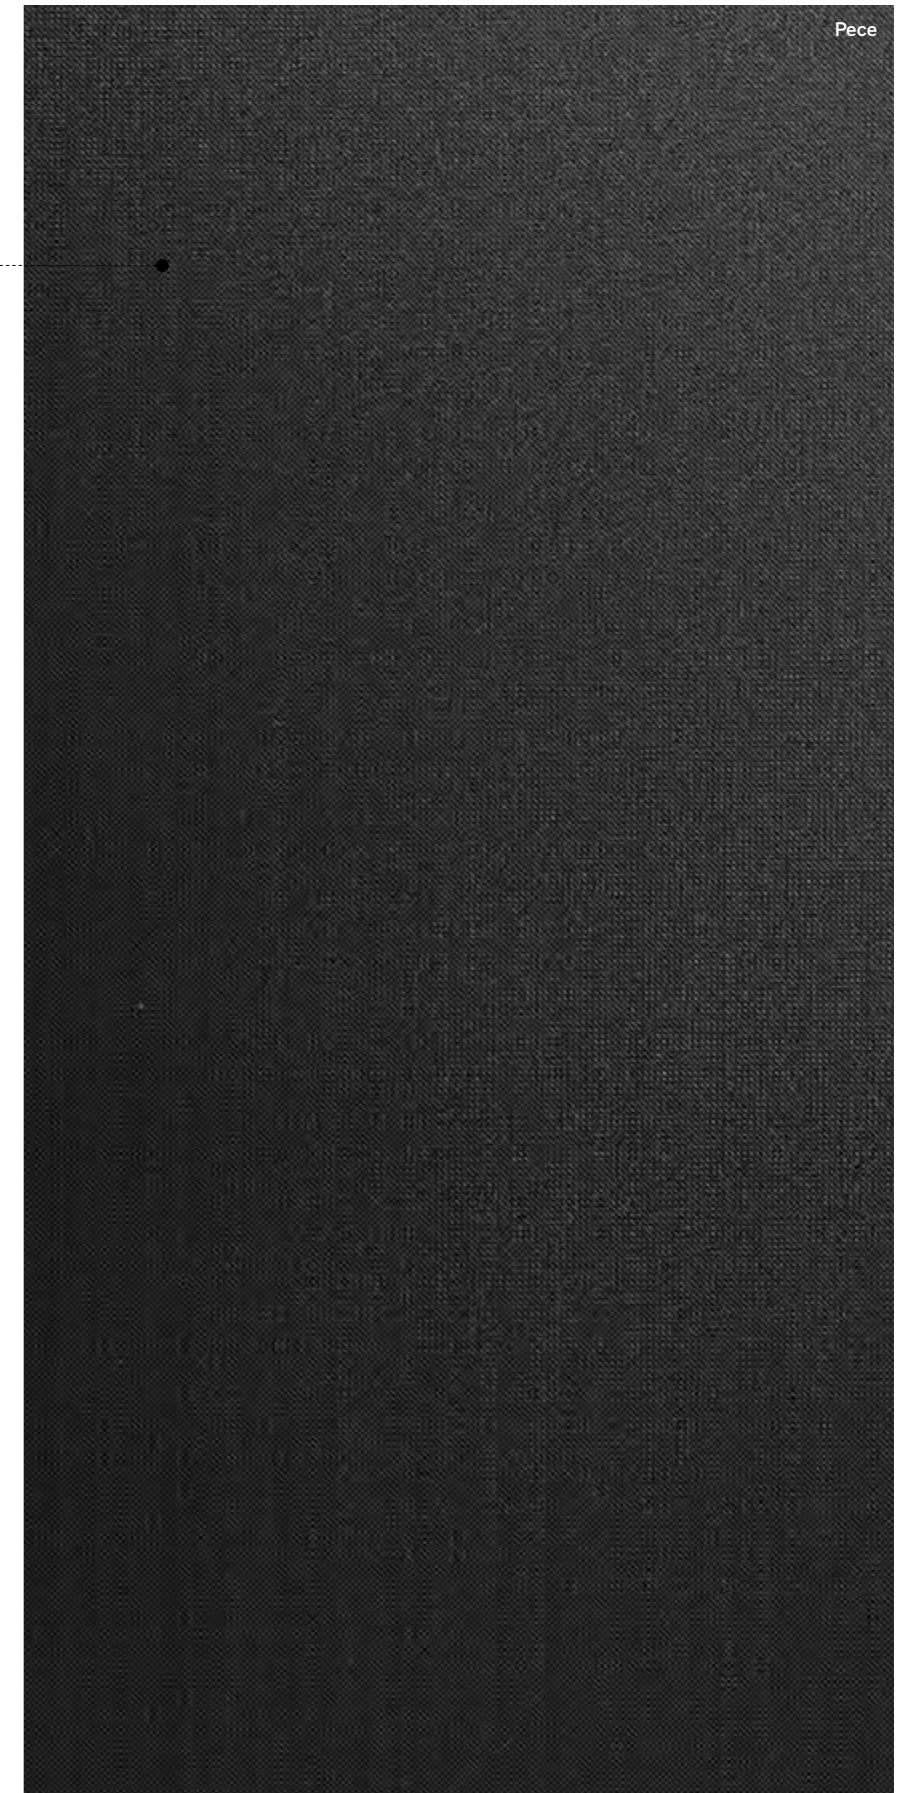

/ Technology and research into material and style have led to an amazing texture, stemming from the image of a glistening wire continually twisted to form a woven pattern, a shiny metallic surface. The visual and tactile effect of Filo confounds the observer in an amazing play of lights that is attractive and at the same time astonishing.
